Here is Matt Walsh's (a Christian conservative) documentary about transgenderism. He is currently getting a bunch of harassment on twitter about this film.

The documentary about Nick Fuentes and the America First cult.

I paid \$6.39 for this turd so you don't have to and because documentaries should always be publicly accessible for free. I used a 1337 Github script to rip the documentary. It's in 4K resolution, the highest resolution available. Because of that it's a whopping 5,25 GB. Nothing was edited or changed by me, completely untouched. Playing it in your browser will probably not work, in that case just download it and use VLC or something.

Enjoy.
